Professional Summary

Senior Frontend Engineer with 5+ years of experience delivering scalable, high-performance, and accessible web applications. Expert in React, TypeScript, Next.js, Angular, and modern frontend frameworks. Proficient in integrating REST and GraphQL APIs, CI/CD pipelines, automated testing, and performance optimization. Proven track record of mentoring engineers, collaborating cross-functionally, and driving measurable improvements in UI responsiveness, accessibility, and maintainability. Experienced in Agile/SCRUM environments, scalable architecture, and production-level software delivery.

Technical Skills

Frontend: React.js, Next.js, Angular, Vue.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Styled Components, CSS Modules, Bootstrap, Responsive/Adaptive Design, Webpack, Vite, Babel, React Hooks, Figma (Design Handoff)

Backend / API: Node.js, Java, Spring Boot, RESTful APIs, GraphQL, JSON, JWT, OAuth, API Security, CORS, Caching, Logging, Throttling

Testing: Jest, React Testing Library, Cypress, Playwright, JUnit, Unit/Integration/E2E Testing, Test Automation

Database: MySQL, PostgreSQL, MongoDB, Redis, SQL, DDL, Schema Design, Advanced Queries

DevOps / Tools: Git, GitHub Actions, Jenkins, Docker, AWS, CI/CD Pipelines, Performance Monitoring (Lighthouse, Web Vitals), ESLint, Prettier

Concepts: OOP, Design Patterns, SDLC, Agile/SCRUM, Accessibility (WCAG), Performance Optimization, Frontend Security, Client-Side Data Handling, Debugging

Professional Experience

Senior Frontend Engineer — Kiswe, Summit, NJ

Sep 2024 – Present

- Developed high-traffic live-streaming web applications using React, Vue, TypeScript, and Tailwind CSS, achieving zero downtime during production events.
- Integrated RESTful and GraphQL APIs for real-time data, improving responsiveness and reducing client-side errors by 30%.
- Mentored junior engineers on frontend best practices, component architecture, and code reviews, improving team efficiency.
- Optimized UI performance with code splitting, lazy loading, and reusable components, reducing load times by 35%.
- Ensured WCAG-compliant accessibility and responsive design across multiple devices, increasing user engagement and usability.

Senior Frontend Engineer — Gensler, Morristown, NJ

Jul 2022 – Sep 2024

- Delivered enterprise-grade UIs with React, Angular, Vue, Next.js, TypeScript, and Styled Components for high-profile client projects.
- Implemented REST and GraphQL API integrations, ensuring secure and performant client-side data handling.
- Led frontend code reviews, bug resolution, and refactoring initiatives to enhance maintainability and code quality.
- Automated testing using Jest, React Testing Library, and Playwright, reducing regressions and ensuring production readiness.
- Collaborated with designers and PMs using Figma to deliver pixel-perfect, user-focused experiences.

Frontend Engineer — Cigna Express Scripts, Franklin Lakes, NJ

May 2021 – Apr 2022

- Developed interactive checkout workflows using React, TypeScript, HTML5, CSS3, improving task completion by 25%.
- Integrated secure REST APIs with JWT/OAuth authentication, enabling safe frontend-backend communication.
- Optimized performance via lazy loading, modular components, and code splitting, reducing page load times by 40%.
- Maintained high-quality releases through unit, integration, and end-to-end automated testing.
- Collaborated with cross-functional teams to ensure consistent, accessible, and responsive UI implementation.

Frontend Engineer — Atmiya Care Charity, Parsippany, NJ

Sep 2020 – May 2021

- Delivered responsive, WCAG-compliant web solutions using React, HTML, CSS, and JavaScript.
- Integrated RESTful APIs for dynamic content rendering and improved client-side workflows.
- Optimized frontend performance and maintainability through reusable, modular components.
- Participated in Agile/SCRUM sprints, code reviews, and documentation to improve team efficiency.
- Collaborated with designers and stakeholders to translate UI/UX designs into production-ready applications.

Education

Bachelor of Science in Computer Science, Montclair State University, Montclair, NJ, 2016 – 2020
